FACILITIES SUBCOMMITTEE
OF THE TUCSON/PIMA COUNTY BICYCLE ADVISORY COMMITTEE

Legal Action Report (LAR)

The **FACILITIES SUBCOMMITTEE** will conduct a meeting at **6:00 P.M., Wed, Aug 19th, 2015** at the JOEL VALDEZ LIBRARY at 101 N. Stone Avenue in the Third floor Tucson conference room in downtown Tucson, Arizona.

AGENDA

1. Call to Order / Roll Call / Call to the Public Adam Wade, Andy Bemis, Brian Beck, Ken Shelor, David Bachman-Williams, Diahn Sharwtz, Matt Zoll
2. Approval of Minutes (July 2015) Biran moved David seconded approval of minutes, Unanimous approval
3. Update and Review of Projects: Discussions held
4. 10.5 foot lane study David moved, Brian seconded that we write a letter to all the jurisdictions asking that they create a policy that all future urban lanes be 10.5 foot wide. This would apply to all repaving/restriping and new facilities. Unanimously passed. We should research the where 10 and 10.5 lanes have been successful. We should show the safety statistics on those sections. David will write the letter. Matt will send info to David.
5. Oro Valley Facilities Letter response We had a positive response on the multiuse skip striping. Adam moved Brian seconded that we write a response letter to Mayor and Council of Oro Valley. Adam wants to show more photos of places where it makes all the sense in the world to put bike markings (and not labeling it as a bike lane). Unanimously passed.
6. Tanque Verde Road overpass updates from Diahn: Discussions held
7. Permissive left turns There is a state level group that is going to recommend that all jurisdictions in the state stop allowing permissive lefts. When that comes out it would make sense to write a letter as the BAC supporting it. So we are tabling this for now.
8. Topics for future agendas Campbell bridge area. We still like connecting bike lanes from north of River to the Loop on Campbell.
9. Staff Reports and Announcements Harrison road Catalina to Sabino HS construction will start soon. Manzanita elementary Safe Routes to School bids came in too high so it will have to be scaled back. Coronado Middle School Safe routes project is under construction. Summit View Elementary and Old Vail Middle School projects are close to completion.
10. Adjournment 7:41
